WHEREAS, Hiller Cemetery at Crab Orchard Christian Church, located three miles west of Carbondale, is the birthplace of the idea for Memorial Day in America; and

WHEREAS, The importance of this historic moment which began Memorial Day in America ought to be marked by the public of this state and the place of the occurrence ought to be singled out; therefore, be it

Resolved, By the House of Representatives of the Seventy-third General Assembly of the State of Illinois, the Senate concurring herein, that the Governor issue an executive order declaring Hiller Cemetery, near Carbondale, to be the birthplace of the observation now known as Memorial Day and that the Governor order further that the site be suitably marked to indicate its historic significance, and that a copy of this resolution be forwarded to the Governor.

AMENDMENT No. 1

Amend printed House Bill No. 1645 on page 1, Sec. 8A-1, line 10, by inserting after the word "Assembly" the words "and members of the Senate scheduled for election"; and

on page 2, by striking Sections 8A-2, 8A-3 and 8A-4 in their entirety and inserting in lieu thereof the following:

"Sec. 8A-2. In such case, nomination of candidates for members of the Senate and House of Representatives shall be made by the State conventions of the respective political parties provided for in Section 7-9 rather than by primary.

Each State convention shall nominate as the candidates of its party for Representatives in the General Assembly 177 persons or any lesser number that is a multiple of 3 and shall also nominate as its candidates for State Senator such number of persons as there are Senators to be elected.

The State convention may by resolution provide for the method for filling any vacancies that may occur by reason of death, withdrawal or otherwise among the candidates of its party for State Representative or State Senator. A duly certified copy of any such resolution shall be transmitted to the Secretary of State concurrently with the certificate setting forth the names and addresses of the persons nominated by the State convention. If the State convention fails to provide by resolution for the method of filling vacancies, vacancies shall be filled in the man-

ner provided by law for filling vacancies in the case of candidates for Trustee of the University of Illinois.

Sec. 8A-3. Within the time prescribed by Section 7-9 for transmitting the certificate with respect to candidates for other offices nominated by the State convention, the chairman and secretary of each State convention shall also transmit to the Secretary of State a certificate setting forth the names and addresses of all persons nominated by such State convention for State Senator and Representative in the General Assembly.

Sec. 8A-4. In certifying to the county clerks the candidates of the respective parties for State Senator and Representative in the General Assembly, the State electoral board shall list the candidates for each party in the order in which their names shall appear on the ballot. Such order shall be determined in the following manner. First shall be listed the candidates who are incumbents in the order of their seniority, determined with reference to total length of service in the General Assembly. In case two or more incumbent candidates of the same party for the same office have equal seniority, their names shall be listed in the alphabetical order of their last names. Following the incumbents shall be listed the other candidates in the alphabetical order of their last names. Such certification shall also include the residence addresses of the respective candidates and shall designate which candidates are incumbents.

Sec. 8A-5. The officers responsible for preparing the ballots for the November election shall cause a separate ballot, designated 'OFFICIAL LEGISLATIVE BALLOT', to be printed for the election of State Senators and Representatives in the General Assembly, and the names of candidates for such offices shall not be printed on any other ballot to be used at the same election. The provisions of Section 16-3, insofar as applicable, including the provision for a party circle, shall apply to such ballot. The names of the candidates of each party for each office shall be listed in the order determined by Section 8A-4. Immediately following the name of each incumbent candidate the designation '(incumbent)' shall be printed. The residence address of each candidate shall appear immediately below his name.

Sec. 8A-6. At each polling place in the November election, a separate ballot box, clearly marked for such purpose, shall be provided and used for the reception of the official legislative ballots, and the judges of election shall take care to assure that all such ballots and only such ballots are deposited in such separate ballot box.

Sec. 8A-7. Immediately upon the closing of the polls, the special ballot boxes containing the legislative ballots shall be delivered to the county clerk or board of election commissioners, as the case may be. The ballot boxes shall be opened by or under the direction of the county canvassing board composed as provided in Section 22-1. The county canvassing board may designate such number of tally judges as they deem necessary to assist in the counting of such ballots. Such tally judges shall be officers of court as fully as though appointed in the same manner as judges of election and shall be subject to the same penalties and disciplinary action as judges of election. As soon as possible after the completion of the counting, the county canvassing board shall make abstracts of the votes and forward the same to the Secretary of State."

Mr. Murphy offered the following amendment as a substitute for Amendment No. 1 and moved its adoption:

SUBSTITUTE AMENDMENT No. 1

Amend House Bill No. 1645 in the first sentence of Sec. 8A-2 by striking the figure "177" and inserting in lieu thereof the figure "100"; and

by striking all of Sec. 8A-3 and Sec. 8A-4 and inserting in lieu thereof the following:

"Sec. 8A-3. Petitions for nomination for Representative in the General Assembly from the State at large shall be filed in the office of the Secretary of State within the time prescribed in Section 8-9 and shall meet the applicable requirements of Article 8, except that each such petition shall be signed by not less than 5,000 nor more than 10,000 of the primary electors of the party with which the candidate is affiliated. At the time of filing such certificate, each candidate shall pay to the Secretary of State a fee of \$500 for the purpose of helping to defray the additional costs of election occasioned by the necessity of nominating and electing Representatives in the General Assembly from the State at large. The amounts received by the Secretary of State as such fees shall be held by the Secretary of State as a special trust fund to be disbursed by him in the manner and for the purposes as hereinafter in this Article provided.

Sec. 8A-4. In certifying to the county clerks the names of candidates for Representative in the General Assembly, the State electoral board shall assign to each name a number indicating the order in which the names shall appear on the primary ballot of the respective political parties. Such order shall be determined in the following manner. First shall be listed the candidates who are incumbents in the order of their seniority, determined with reference to total length of service in the General Assembly. In case two or more incumbents have equal seniority, their names shall appear on the ballot in the alphabetical order of their last names. Following the incumbents shall be listed the other candidates in the order in which their petitions for nomination were filed in the office of the Secretary of State. Such certification shall also include the residence addresses of the respective candidates and shall designate which candidates are incumbents.

Sec. 8A-5. The officers responsible for preparing the ballots shall cause a separate primary ballot to be printed for each party for candidates for nomination for Representative in the General Assembly. Such ballots shall be designated at the top thereof by the words 'REPUBLICAN REPRESENTATIVE PRIMARY BALLOT' or 'DEMOCRATIC REPRESENTATIVE PRIMARY BALLOT'. On each such ballot shall be listed the names of the candidates in the order determined by Section 8A-4. Immediately preceding the name of each candidate shall be printed his designating number, and immediately following the name of such incumbent candidate the designation '(incumbent)' shall be printed. The residence address of each candidate shall appear immediately below his name.

Sec. 8A-6. The officers responsible for preparing ballots shall also, for the November election, cause a separate ballot, designated 'OFFICIAL REPRESENTATIVE BALLOT', to be printed for the election of such Representatives. The provisions of Section 16-3, insofar as applicable, including the provision for a party circle, shall apply to such ballot. The candidates of each party shall be numbered consecutively and their names shall appear in the relative order in which they appeared in the primary ballot. The provisions of Section 8A-5 relating to the designation of incumbents and residence addresses shall apply to the ballot at the November election.

Sec. 8A-7. At each polling place, in both the April primary and the November election, a separate ballot box, clearly marked for such purpose shall be provided and used for the reception of ballots for Representatives in the General Assembly, and the judges of election shall take care to assure that all ballots for Representatives in the General Assembly and only such ballots are deposited in such separate ballot box.

Sec. 8A-8. Immediately upon the closing of the polls in both the April primary and the November election, the special ballot boxes containing the separate ballots for Representatives in the General Assembly shall be delivered to the county

clerks, where such ballot boxes shall be opened by and counted by or under the direction of the respective chairmen of the county central committees. The respective county chairmen may each designate such number of other tally judges as they may mutually agree upon to assist in the counting of such ballots. Such tally judges shall be officers of the court as fully as though appointed in the same manner as judges of election and shall be subject to the same penalties and disciplinary action as judges of election. Within a reasonable time after the completion of the counting, the county chairmen shall make abstracts of the votes and forward the same to the Secretary of State.

Sec. 8A-9. The Secretary of State shall make disbursement of the moneys held by him in the special trust fund created by Section 8A-3 to the several counties of the State in proportion to their population as determined by the last preceding Federal census, such moneys to be used solely for the purpose of printing the ballots and the payment of any other additional expenses occasioned by this Article."

And the amendment was adopted.

By unanimous consent, on motion of Mr. R. J. Welsh, House Bill No. 1605 was recalled from the order of third reading to the order of second reading for the purpose of amendment.

And House Bill No. 1605, a bill for "An Act to amend Sections 25.05-2 and 25.05-3 of 'An Act to revise the law in relation to counties', approved March 31, 1874, as amended."

"Sec. 25.05. Taxes.] To cause to be levied and collected annually, except as hereinafter provided, taxes for county purposes, including all purposes for which money may be raised by the county by taxation, in counties having less than 500,000 inhabitants, *subject to the abatement requirements hereinafter provided*, not exceeding .125% of the full, fair cash value, as equalized or assessed by the Department of Revenue, and in counties having 500,000 or more inhabitants for each even numbered year, subject to the abatement requirements hereinafter provided at a rate not exceeding .26% of the full, fair cash value, as equalized or

assessed by the Department of Revenue, and for each odd numbered year, subject to the abatement requirements hereinafter provided, at a rate not exceeding .22% of the full, fair cash value as equalized or assessed by the Department of Revenue, except taxes for the payment of interest on and principal of bonded indebtedness heretofore duly authorized for the construction of State aid roads in the county as defined in 'An Act to revise the law in relation to roads and bridges', approved June 27, 1913, as amended, or for the construction of county highways as defined in the 'Illinois Highway Code', as the same may from time to time be amended, and except taxes for the payment of interest on and principal of bonded indebtedness duly authorized without a vote of the people of the county, and except taxes authorized as additional by a vote of the people of the county, and except taxes for working cash fund purposes, and except [county highway] taxes as authorized by [Section] Sections 5-601, 5-602, 5-603, 5-604 and 6-512 of the 'Illinois Highway Code' as the same may from time to time be amended, [and except taxes authorized by Section 5-603 of the 'Illinois Highway Code' as the same may from time to time be amended, and except county unit district road taxes as authorized by Section 6-512 of the 'Illinois Highway Code', as the same may from time to time be amended,] and except taxes authorized under Section 7 of 'An Act to provide for county library systems', approved June 28, 1919, as amended, [and except taxes levied pursuant to Section 5-602 of the 'Illinois Highway Code', as the same may from time to time be amended, and except taxes levied pursuant to Section 5-604 of the 'Illinois Highway Code' as the same may from time to time be amended,] and except taxes levied to pay the annual rent payments due under a lease entered into by the county with a Public Building Commission as authorized by Section 18 of the 'Public Building Commission Act', approved July 5, 1955, and except taxes levied pursuant to 'An Act to authorize certain counties to incur an indebtedness and issue bonds for the construction of county jails and sheriff's residences', filed July 3, 1935, as heretofore or hereafter amended, and except taxes levied for general assistance for needy persons in counties under commission form of government and except taxes levied pursuant to 'An Act concerning the care and treatment of certain mentally deficient persons', approved August 22, 1961 [enacted by the Seventy-second General Assembly]; Provided that any tax levied for general assistance for needy persons in any county in addition to and in excess of the maximum levy permitted by this Section for general county purposes shall be paid into a special fund in the county treasury and used only for the purposes for which it is levied and shall not exceed .15% of the full, fair cash value, as equalized or assessed by the Department of Revenue, and shall not exceed the amount needed in such county for the care of such needy persons. Any taxes heretofore levied for the care of paupers and the relief and support of poor and indigent persons in any county under the commission form of government shall be deemed a tax for general assistance as herein authorized and as defined by the 'Public Assistance Code of Illinois', approved August 4, 1949, and may validly be expended for such purpose and may also be used for the payment of warrants issued against and in anticipation of such taxes and accrued interest thereon and may also be used for the payment of costs of administering such general assistance.

Provided, that in counties having 500,000 or more inhabitants, taxes levied for any year for any purpose or purposes, except amounts levied for the payment of bonded indebtedness or interest thereon and for pension fund purposes, and except taxes levied to pay the annual rent payments due under a lease entered into by the county with a Public Building Commission as authorized by Section 18 of the 'Public Building Commission Act', approved July 5, 1955, shall be subject to the further limitation that they shall not exceed the estimated amount of taxes

to be levied for such year for such purpose or purposes as determined in accordance with Section 61.7 of this Act and set forth in the annual appropriation bill of such county and in ascertaining the rate per cent that will produce the amount of any tax levied in any such county, the county clerk shall not add to such tax or rate any sum or amount to cover the loss and cost of collecting said tax, except in the case of amounts levied for the payment of bonded indebtedness or interest thereon, and in the case of amounts levied for pension fund purposes, and except taxes levied to pay the annual rent payments due under a lease entered into by the county with a Public Building Commission as authorized by Section 18 of the 'Public Building Commission Act', approved July 5, 1955.

Provided further, that in counties having 500,000 or more inhabitants, the taxes levied for general county purposes, except amounts levied for the payment of bonded indebtedness and interest thereon and for highway purposes and for pension purposes, and except taxes levied to pay the annual rent payments due under a lease entered into by the county with a Public Building Commission as authorized by Section 18 of the 'Public Building Commission Act', approved July 5, 1955, shall, prior to the extension thereof, be abated by the amount in excess of \$13,000,000 actually received during the preceding fiscal year from the State of Illinois, other governmental units or agencies, and private sources as reimbursement or charges for expenses of the county in providing medical assistance and services to persons in need thereof. Prior to the extension of taxes, the county board of each such county shall adopt a resolution designating the total amount received from the State of Illinois and all other sources for such medical assistance and services for the periods above indicated and file a certified copy thereof with the county clerk. Thereupon the county clerk shall abate and reduce the taxes levied for the respective years by the amount herein designated and extend taxes in accordance therewith.

Provided, further, that in counties having a population of 500,000 or more inhabitants, the county clerk shall in each even numbered year, before extending the county tax for such year, reduce the levy for county purposes for such year (exclusive of levies for payment of indebtedness and payment of interest on and principal of bonded indebtedness as aforesaid, and exclusive of county highway taxes as aforesaid, and exclusive of pension fund taxes, and except taxes levied to pay the annual rent payments due under a lease entered into by the county with a Public Building Commission as authorized by Section 18 of the 'Public Building Commission Act', approved July 5, 1955) in the manner described and in an amount to be determined, as follows, namely: If the amount received from the collection of the tax levied in the last preceding even numbered year for county purposes as aforesaid, as shown by the county treasurer's final settlement for the last preceding even numbered year and also by subsequent receipts of delinquent taxes for the county purposes fund levied for the last preceding even numbered year, shall equal or exceed the amount produced by multiplying the rate extended for such county purposes for the last preceding even numbered year by the total assessed valuation of all property in the county used in such year for purposes of state and county taxes, and by deducting therefrom the amount appropriated to cover the loss and cost of collecting taxes to be levied for such county purposes fund for the last preceding even numbered year, the clerk in determining the rate per cent to be extended for the county purposes fund shall deduct from the amount of the levy certified to him for county purposes as aforesaid for even numbered years the amount received by the county clerk or withheld by the county treasurer from other municipal corporations within the county as their pro rata share of election expenses for the last preceding even numbered year, as authorized in Sections 13-11, 13-12, 13-13 and 16-2 of 'The Election Code', approved May 11,

1943, as amended, and the clerk in such counties shall extend only the net amount remaining after such deductions.

Provided, further, that in all counties, the county clerk shall, each year before extending the county tax, reduce the levy for county purposes for such year (exclusive of levies for payment of indebtedness and payment of interest on and principal of bonded indebtedness as aforesaid, and exclusive of county highway taxes as aforesaid, and exclusive of pension fund taxes, and except taxes levied to pay the annual rent payments due under a lease entered into by the county with a Public Building Commission as authorized by Section 18 of the 'Public Building Commission Act', approved July 5, 1955, as heretofore and hereafter amended) by an amount equal to one-half of the proceeds derived from any tax or taxes levied pursuant to Sections 25.05-2 and 25.05-3 of this Act. Prior to the extension of taxes the county board of each county shall adopt a resolution specifying the amount derived from the tax or taxes imposed under Sections 25.05-2 and 25.05-3 and file a certified copy thereof with the county clerk. Thereupon the county clerk shall abate and reduce the taxes levied for the respective years by the amount herein designated and extend taxes in accordance therewith.

Provided, further, that the foregoing limitations upon tax rates, insofar as they are applicable to counties having less than 500,000 inhabitants, are subject to the provisions of the General Revenue Law of Illinois.

Any county having a population of less than 500,000 inhabitants which has determined to change its fiscal year may, as a means of effectuating such change, instead of levying taxes for a one-year period, levy taxes for such period greater or less than a year as may be necessary.

If the county board in a county of less than 15,000 inhabitants desires to levy such taxes at a rate in excess of .125% or the present maximum applicable rate but not in excess of .20% of the full, fair cash value of all taxable property within the county as equalized or assessed by the Department of Revenue, it may do so by appropriate action of such board.

Provided, further, that in counties having less than 500,000 inhabitants, in ascertaining the rate per cent that will produce the amount of any tax levied in any such county, the County Clerk shall not add to such tax or rate any sum or amount to cover the loss and cost of collecting said tax, except in the case of amounts levied for the payment of bonded indebtedness or interest thereon and in the case of amounts levied for pension fund purposes and except taxes levied to pay the annual rent payments due under a lease entered into by the county with a Public Building Commission as authorized by Section 18, of the Public Building Commission Act, approved July 5, 1955."

And the amendment was adopted.

There being no further amendments, the foregoing Amendment No. 1 was ordered printed; and the question then being, "Shall the bill, as amended, be again transcribed, typed and advanced to the order of third reading?" it was decided in the affirmative.

By unanimous consent, on motion of Mr. Noble W. Lee, House Bill No. 1651 was recalled from the order of third reading to the order of second reading for the purpose of amendment.

And House Bill No. 1651, a bill for "An Act to amend Section 30-15.7 of 'The School Code', approved March 18, 1961, as amended."

Was again taken up in the order of second reading.

Mr. Noble W. Lee offered the following amendment and moved its adoption:

AMENDMENT NO. 1

Amend printed House Bill No. 1651 on pages 1, 2 and 3, by deleting all of Sec. 30-15.7 and inserting in lieu thereof the following:

"Sec. 30-15.7. Availability and Terms of Scholarships.] (a) The first-year scholarships available to be awarded in any [fiscal] *academic* year shall be: 2 for residents of each senatorial district of the General Assembly; 2 for residents of each representative district of the General Assembly; [and such additional number for residents of the State generally, without regard to district, as shall consume the remainder of $\frac{1}{2}$ of the then current biennial appropriation for first year scholarships under this Act.] *however, the Commission shall not award a scholarship to any applicant who does not meet the minimum conditions of eligibility prescribed by this Act and by the rules of the Commission made pursuant hereto, even if an available scholarship thereby remains unawarded; an additional number shall be available for residents of the State generally, without regard to district, as shall consume the remainder of the then current biennial appropriation for first-year scholarships under this Act.* The Commission, in determining such additional number of scholarships to be offered, shall take into consideration past experience with the rate of acceptance of offers of scholarships, and shall select such number of scholars as may be needed to make full use of the annual appropriation for first-year scholarships.

Through over-awarding in anticipation of winner withdrawal, the Commission shall be permitted to make scholarship payments in excess of the annual budget allocation. [However, this excess shall not exceed five percent of the total annual budget for first-year awards.] The funds used to cover possible over-awarding will be those unclaimed by *renewal of first-year winners* [upper class students] who would be entitled to financial support under terms of this Act. However, the Commission shall not award a scholarship to any applicant who does not meet the minimum conditions of eligibility prescribed by this Act and by the rules of the Commission made pursuant hereto, even if an available scholarship thereby remains unawarded.

(b) Each scholarship is renewable by the Commission annually, without further competitive examination, for total of three *consecutive* academic years [(not necessarily consecutive)] *following the academic year of the first award* or until such earlier time as the student receives a degree normally obtained in four academic years. The Commission shall grant such an annual renewal only upon the student's application and upon the Commission's finding that (1) the applicant has completed successfully the work of the preceding year; (2) he remains a resident of this State; and (3) his financial situation continues to warrant the award of a scholarship under the standards set forth in Section 30-15.5(a) (4) of this Act, *except, however, the Commission may grant a leave of absence to scholarship winners entering military service.*

(c) *All monetary scholarships shall be applicable only to tuition and necessary fee costs for two semesters or three quarters beginning in September of the academic year. Requests for summer term scholarship assistance will be made separately and shall be considered by the Commission only for those monetary winners desiring to complete the academic year at the same institution previously attended during the same academic year. The Commission shall determine the amount of each first-year and each renewal scholarship, which shall be the smallest of the following amounts:*

(1) [\$600.00] \$300.00 for each semester of full-time, day, undergraduate enrollment which begins prior to September 1, 1964, and \$375.00 for each semester of full-time, day, undergraduate enrollment which begins on or after September 1, 1964; or

(2) [the amount which equals the annual tuition and other necessary fees required by the institution at which the scholarship is to be used] \$200.00 for each quarter of full-time, day, undergraduate enrollment which begins prior to September 1, 1964, and \$250.00 for each quarter of full-time, day, undergraduate enrollment which begins on or after September 1, 1964; or

(3) the amount which equals the semester or quarter tuition and other necessary fees required generally by the institution of all full-time day undergraduate students; or

[(3)] (4) such amount as the Commission finds to be appropriate in view of the applicant's financial resources.

"Tuition and other necessary fees" include the customary charge for instruction and use of facilities in general, and the additional fixed fees charged for specified purposes, which are required generally of non-scholarship students for [the course of instruction and the] *each academic period* [periods] for which the scholarship student actually enrolls, but do not include *fees payable only once or* breakage fees and other contingent deposits which are refundable in whole or in part. The [Superintendent] *Commission* may prescribe, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(d) *No scholarship applicant shall be eligible for scholarship assistance under the terms of this Act after he has enrolled (full-time or part-time) for a total of 8 semesters or 12 quarters of post-high school education; no scholarship winner shall be entitled to receive in total more than 8 semesters or 12 quarter payments (including summer payments) to a maximum of \$2,400.00 in first-year and renewal scholarship assistance."*

And the amendment was adopted.

There being no further amendments, the foregoing Amendment No. 1 was ordered printed; and the question then being, "Shall the bill, as amended, be again transcribed, typed and advanced to the order of third reading?" it was decided in the affirmative.

By unanimous consent, the Speaer took from his table and laid before the House, the report of the Committee on Constitutional Amendments with reference to House Joint Resolution No. 53, reported to the House on June 13th, with the following amendment thereto:

AMENDMENT No. 1

Amend printed House Joint Resolution No. 53 on pages 1 through 5, by striking all of Article IX and inserting in lieu thereof the following:

“ARTICLE IX

Section 1. The General Assembly shall provide such revenue as may be needful by levying taxes or by authorizing the levy of taxes as hereinafter provided in this Article.

Section 2. Real property shall be taxed by valuation, so that every person and corporation shall pay a tax in proportion to the value of his, her or its real property, such value to be ascertained by some person or persons to be elected or appointed in such manner as the General Assembly shall direct, and not otherwise.

The General Assembly may classify personal property for taxation as provided in this Section. Tangible personal property shall constitute one class. Intangible personal property shall constitute one or more classes, as the General Assembly shall direct by general law, but all such classifications or intangible personal property shall be reasonable and be based solely on the nature and characteristics of the property and not on the nature, characteristics, residence or business of the owner or the amount or number owned.

Tangible personal property shall be taxed by valuation so that every person and corporation shall pay a tax in proportion to the value of his, her or its tangible personal property, such value to be ascertained by some person or persons to be elected or appointed in such manner as the General Assembly shall direct, and not otherwise; provided, however, that the General Assembly may levy or authorize the levy of use, privilege or franchise taxes, uniform within the territorial limits of the authority levying the tax, upon ships, boats and aircraft, and upon motor vehicles, or upon any class or classes thereof, in lieu of property taxes thereon.

Intangible personal property shall be taxed uniformly as to each class in such manner as the General Assembly shall direct by general law. Intangible personal property within the state not employed in carrying on any business therein by the owner shall be deemed to be located at the domicile of the owner for purposes of taxation; and if such intangible personal property is held in trust, the owner for the purposes of taxation shall be deemed to be the person or persons, according to their respective interests, who have the present beneficial enjoyment of such property.

If any class of personal property is taxed by valuation, the tax levied upon such property shall be no greater, in proportion to the value of the property taxed, than that levied upon real property.

The General Assembly may abolish by general law property taxes on any or all classes of personal property.

Section 3. The General Assembly may levy or authorize the levy of occupation, sales, use, privilege and franchise taxes, uniform as to the objects and subjects taxed within the territorial limits of the authority levying the tax. Such taxes may be measured, on a non-graduated basis, by gross receipts.

The General Assembly shall not levy, except as hereinafter provided in this Paragraph, or authorize the levy of any tax on or measured by income. The General Assembly may levy a uniform non-graduated tax on the net income of every person and corporation, provided that no such tax shall exceed the rate of two per cent unless and until the question whether such a tax should be levied at a rate exceeding two per cent, including the maximum rate of tax which might be so levied, shall have been submitted as a proposition, at a general election, to the people of the state, and have received a majority of the votes cast at such election for or against such proposition, and provided, further, that no such tax shall exceed, in any event, the rate of five per cent. In computing taxable net income, each taxpayer may be granted an exemption of not to exceed \$500 per year, and may be allowed, as a deduction, the costs incurred, as defined by law, in earning the income taxed.

Section 4. The property, both real and personal, and the income of the State, counties and other Municipal corporations, household goods and personal effects not used for the production of income, intangible personal property held in pension or welfare trust funds and the income therefrom, and such other property as may be used exclusively for agricultural and horticultural societies, for school, religious, cemetery and charitable purposes, and the income of such organizations, may be exempted from taxation; but such exemption shall be only by general law. In the assessment of real estate encumbered by public easement, any depreciation occasioned by such easement may be deducted in the valuation of such property.

Section 5. The General Assembly shall provide, in all cases where it may be necessary to sell real estate for the non-payment of taxes or special assessments, for State, county, municipal, or other purposes, that a return of such unpaid taxes or assessments shall be made to some general officer, of the county, having authority to receive State and county taxes; and there shall be no sale of said property for any of said taxes or assessments but by said officer, upon the order or judgment of some court of record.

Section 6. The right of redemption from all sales of real estate, for the non-payment of taxes or special assessments of any character, whatever, shall exist in favor of owners and persons interested in such real estate, for a period of not less than two years from such sales thereof. And the General Assembly shall provide, by law, for reasonable notice to be given to the owners or parties interested, by publication or otherwise, of the fact of the sale of the property for such taxes or assessments, and when the time of redemption shall expire: Provided, that occupants shall in all cases be served with personal notice before the time of redemption expires.

Section 7. The General Assembly shall have no power to release or discharge any county, city, township, town or district, whatever, or the inhabitants thereof, or the property therein, from their or its proportionate share of taxes to be levied for State purposes, nor shall commutation for such taxes be authorized in any form whatsoever.

Section 8. All taxes levied for State purposes shall be paid into the State treasury.

Section 9. County authorities shall never assess taxes, the aggregate of which shall exceed seventy-five cents per one hundred dollars' valuation, except for the payment of indebtedness existing at the adoption of this Constitution, unless authorized by a vote of the people of the county.

Section 10. The General Assembly may vest the corporate authorities of cities, towns and villages with power to make local improvements by special assessment, or by special taxation of contiguous property, or otherwise. For all other corporate purposes, all municipal corporations may be vested with authority to

levy and collect taxes subject to the restrictions of Sections 2 and 3 of this Article.

Section 11. The General Assembly shall not impose taxes upon municipal corporations, or the inhabitants or property thereof, for corporate purposes, but shall require the corporate authorities to levy taxes for the payment of liabilities incurred under authority of law. Private property shall not be liable to be taken or sold for the payment of the corporate liabilities of a municipal corporation. The General Assembly may distribute in whole or in part, the proceeds of any tax levied by the State to such local governments and for such purposes as it may direct by general law.

Section 12. No person who is in default, as collector or custodian of money or property belonging to a municipal corporation shall be eligible to any office in or under such corporation. The fees, salary or compensation of no municipal officer who is elected or appointed for a definite term of office, shall be increased or diminished during such term.

Section 13. No county, city, township, school district, or other municipal corporation, shall be allowed to become indebted in any manner or for any purpose, to an amount, including existing indebtedness, in the aggregate exceeding five per centum, or in the case of school districts maintaining grades one to twelve, eight per centum, on the value of the taxable property located therein, to be ascertained by the last assessment for state and county taxes, previous to the incurring of such indebtedness, provided, that in the event the General Assembly shall abolish, pursuant to the sixth paragraph of Section 2 of this Article, property taxes on all classes of personal property, the limitations on the indebtedness of municipal corporations shall be, in the case of school districts maintaining grades one to twelve, ten per centum, and in the case of all other municipal corporations, six per centum, on the value of the taxable property therein. Any county, city, school district, or other municipal corporation incurring any indebtedness as aforesaid, shall before or at the time of doing so, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same."

VETOES

SEAL

OTTO KERNER
Governor

STATE OF ILLINOIS,
EXECUTIVE OFFICE.
SPRINGFIELD, June 25, 1963.

To the Honorable, the Members of the House of Representatives, Seventy-third General Assembly:

I return herewith, without my approval, House Bill 627, entitled "An Act prohibiting an increase in salaries for judges and police magistrates of certain courts prior to January 1, 1964."

I veto and withhold my approval from this Bill.

As originally introduced, the intent of House Bill 627 was to cut off all increases in salary which might be extended to judges of city, village or incorporated town courts and of municipal courts, and to police magistrates. Since the State will assume the cost of all judicial salaries when the new Judicial Article becomes effective on January 1, 1964, the cut-off was proposed to avoid unduly increasing the financial burden on the State by local action which the State could not otherwise control. If passed at an earlier date, the Bill would have been effective, in part, to accomplish this goal.

House Bill 627 did not pass until June 13 and, in its final form, applies only to municipal court judges and police magistrates. Section 1 purports to freeze

salaries of these officers at the rate authorized on May 15, 1963, and to nullify any increase granted subsequent to that date.

By statute the term of office of municipal court judges began on June 3, 1963, the date of election, and runs for six years. It is clear that under Section 11 of Article IX of the Illinois Constitution, providing that the "fees, salary or compensation of no municipal officer who is elected or appointed for a definite term of office, shall be increased or diminished during such term", the salaries of the judges of municipal courts could neither be increased nor diminished once their terms began on June 3. Moreover, the Attorney General has advised me that House Bill 627 is unconstitutional as applied to any municipal court judge whose salary might have been increased by city ordinance subsequent to May 15, 1963, the cut-off date specified in the Bill, and prior to June 3, 1963, when such judge's term began. In view of the fact that House Bill 627 was not passed until after June 3, it would constitute an attempt to diminish the salary of a municipal official during his term of office.

The attempt to freeze salaries of police magistrates is similarly defective. By statute the police magistrates were elected in April 1963 and their terms began on the day of their election. Since they were already in office prior to the attempted cut-off date of May 15, the Bill can have no effect on the salaries of police magistrates.

In summary, the Bill is ineffective to accomplish its purpose and would only spread confusion on the statute books.

For these reasons, I veto and withhold my approval from this Bill.

Respectfully submitted,

OTTO KERNER, *Governor*.

The foregoing message from the Governor, transmitting veto to House Bill No. 627, having been received in the office of the Clerk of the House on Tuesday, June 25, 1963, at 1:41 o'clock p.m., was read by the Clerk and ordered placed on file.

the income, money contributions and other support and resources determined to be available to him, to provide him with a reasonable subsistence compatible with health and well-being. In determining the requirements of the child hereunder, the county department, subject to the rules and regulations of the State Department, may consider and give effect to the reasonable subsistence needs of the persons necessary to provide care and supervision, and such amounts as may be needed to make available necessary treatment, care and supplies required because of illness or disability or rehabilitative or vocational treatment, training or services as provided in Section 2-2.12. Wherever services are required in this State because of illness or disability of recipients, the State Department may provide for the services of persons licensed under the 'Medical Practice Act', approved June 30, 1923, as amended, whether under a general or limited license, and of other persons now or hereafter licensed or registered under other laws of this State to provide dental, medical, pharmaceutical, optometric, or nursing services, or other remedial care recognized under State law, subject in any case to the limitation that the person licensed or registered shall render only such services as are permitted by the terms of his license or registration; provided, that nothing herein contained shall be construed to prohibit the utilization of the services of persons engaged in the treatment or care of the sick, which persons are not required to be licensed or registered under the laws of this State. \$220 for 10 or more children and the relative with whom they are living, and in no case shall the State Department authorize or make any supplemental grant from General Assistance under Article IV or any other source of public funds except as provided in this Section.

In those cases where the recipient is participating in the retraining and rehabilitation program or a member of the family is participating in such program then the State Department shall provide for an extra allowance to pay for the costs involved in such participation in the retraining and rehabilitation program in addition to the maximum payments as set forth in this Section.

The maximum grants provided for in this Section may be increased if the child is living with both parents or those standing in the position or relationship of parents and if such grant is necessary because of the unemployment or insufficient earnings of the parent or parents and neither parent is receiving benefits under 'The Unemployment Compensation Act', approved June 30, 1937, as heretofore and hereafter amended; however such increase shall not exceed \$25.

The maximum grants provided for in this Section may be increased by a sum not to exceed \$15 for each child 13 years of age and over who is eligible for

By unanimous consent, on motion of Mr. Jack Walker, Senate Bills numbered 218 and 229 were ordered to lie on the table.

By unanimous consent, on motion of Mr. Hachmeister, Senate Bill No. 857 was recalled from the order of third reading to the order of second reading for the purpose of amendment.

Mr. Murphy raised a point of order that the amendments were not germane and were therefor not in order.

The Speaker ruled the point well taken; that the amendments were in violation of Article IV, Section 13, of the Constitution of the State of Illinois, as well as House Rule 47, and the Speaker cited the decision of the Illinois Supreme Court in the case of *Giebelhausen v. Daley*, 407 Ill. 25.

And the bill was again advanced to the order of third reading.

By unanimous consent, on motion of Mr. Pierce, Senate Bill No. 1207 was ordered to lie on the table.

By unanimous consent, on motion of Mr. Burhans, Senate Bill No. 325 was ordered to lie on the table.

And Senate Bill No. 1097, a bill for "An Act to amend Sections 1 and 3 of the 'Workmen's Occupational Diseases Act', approved July 9, 1951, as amended."

Was again taken up in the order of second reading.

Mr. Lyman moved to reconsider the vote by which Amendment No. 1 was heretofore adopted.

The motion prevailed.

Mr. Lyman then moved to lay Amendment No. 1 on the table.

The motion prevailed.

And Amendment No. 1 was ordered to lie on the table.

Mr. Lyman offered the following amendment and moved its adoption:

AMENDMENT NO. 3

Amend printed Senate Bill No. 1097 in House, on page 4, Sec. 1, by striking line 17½ and inserting in lieu thereof the following: "*Whenever and to the extent that the records are on file with the Department of Public Health or the agency.*".

And the amendment was adopted.

There being no further amendments, the foregoing Amendment No. 3 was ordered printed, transcribed and typed; and the question then being, "Shall the bill, as amended, be again advanced to the order of third reading?" it was decided in the affirmative.

HOUSE RESOLUTION No. 163

WHEREAS, The Illini Girls State Commission yesterday completed its twenty-third annual session at MacMurray College in Jacksonville, a week replete with enlightened observations and debates again demolishing the fable that feminine capacities contain too much frivolity and resentful rivalry and too little comprehensive foresight to resolve problems of public policy through reconciliation tempered with artful wisdom; and

WHEREAS, Perhaps the predominant benefit gained by the participants in the Girls State session was their recognition of the indispensability to legislative creativity of a leadership deftly propelling and controlling the digestion and disposition of hotly contested issues; and

WHEREAS, Such leadership was vitally and conspicuously present in the persons of Barbara Trent of Lansing, the Governor and a member of the Nationalist Party, and Cheryl Ritenbaugh of Park Forest, the Speaker of the House and a member of the Federalist Party, both residents of the First Representative District of Illinois; therefore, be it

Resolved, By the House of Representatives of the Seventy-third General Assembly of the State of Illinois, that this Body extend its highest extollments to Barbara Trent, Cheryl Ritenbaugh and the Illini Girls State Commission, and that suitable copies of this preamble and resolution be forwarded to the two aforementioned girls and to Mrs. Eugene, the Dean of the Commission.

Mr. Speaker—I am directed to inform the House of Representatives that the Senate has concurred with the House in the adoption of the following preamble and joint resolution, to-wit:

HOUSE JOINT RESOLUTION No. 63

WHEREAS, The high and frequently excessive charges made for housing occupied by public assistance recipients, particularly in the metropolitan areas, are largely responsible for the inordinately high grants required by recipients living in such areas; and

WHEREAS, The housing accommodations provided for these high and excessive charges are sometimes severely substandard, menacing the cultural adaptation as well as the health of recipients living therein and contributing to the incidence and length of dependency upon public aid; and

WHEREAS, Many individual recipients are not in a position to bargain for reduction in the charges or improvement in the standard of the accommodations, and continued acceptance and payment of the high and excessive charges results in no material benefit to the recipient; and

WHEREAS, Other items in the assistance standard, such as utilities, may also be provided recipients at lower cost if the recipient himself is not solely responsible for bargaining for the rate of payment; therefore, be it

Resolved, By the House of Representatives of the Seventy-third General Assembly of the State of Illinois, the Senate concurring herein, that the Illinois Public Aid Commission be directed to provide for direct payment for rent, utilities, and such other items in its standard as may be indicated, where such direct payment will result in reduction in charges and costs and assist in improvement of the accommodations and services provided recipients of public aid, such action, however, to be taken only to the extent that it does not result in substantial reduction in federal grants to this State for public aid purposes; and be it further

Resolved, That the Congress of the United States be respectfully urged to enact any and all amendments necessary to the Federal Social Security Act or other federal laws which may prevent Illinois and such other States as may have a like problem from acting as herein directed to control excessive charges to public assistance recipients and, by controlling such charges, contributing to the welfare of recipients as well as reducing the increasing costs of public assistance; and, be it further

Resolved, That a duly attested copy of this resolution be immediately transmitted by the Secretary of State of Illinois to each member of Congress from this State, the Speaker of the House of Representatives of the United States Congress, the President of the Senate of the United States Congress and to the President of the United States.

Concurred by the Senate, June 26, 1963.
